GETTING YOU STARTED

STEP 1 Choose Your Checking Account

At Inter National Bank, our banking representatives will work closely with you to help you choose the accounts and services that best fit you. Open your account at one of our locations near you or call us at 956-664-8400.

STEP 2 Break Away From Your Old Account

Stop writing checks from your old account and be sure that all your outstanding checks, payments and debit transactions have cleared. Shred checks, deposit slips and receipts you may not need for taxes or other business purposes from your old account.

STEP 3 Redirect Your Recurring Direct Deposits

Form A is a Direct Deposit form. Fill in the requested information and give copies to your customers or anyone who regularly deposits money into your account. Include a deposit slip or a voided check from your new Inter National Bank account.

You'll be able to monitor deposits to your Inter National Bank account using Online Banking. Just go to www.INBweb.com and click the "Log-In." Click on "Enroll" and follow the simple directions to register for the first time.

STEP 4 Redirect Your Payments

Use form B to notify anyone who receives an automatic payment or makes an automatic withdrawal from your account. You'll still have the convenience of online bill payment with Inter National Bank's Bill Pay.

STEP 5 Say Goodbye to your Old Bank

Let your previous bank know you are closing your account. If there is any money left in your old account, they will send you a check.
