

USING THE MOBILE APP WITH A HARD TOKEN

When using the mobile app, a Domestic Wire Transfer template needs to be available before you can process a wire transfer.

STEP 1

STEP 2

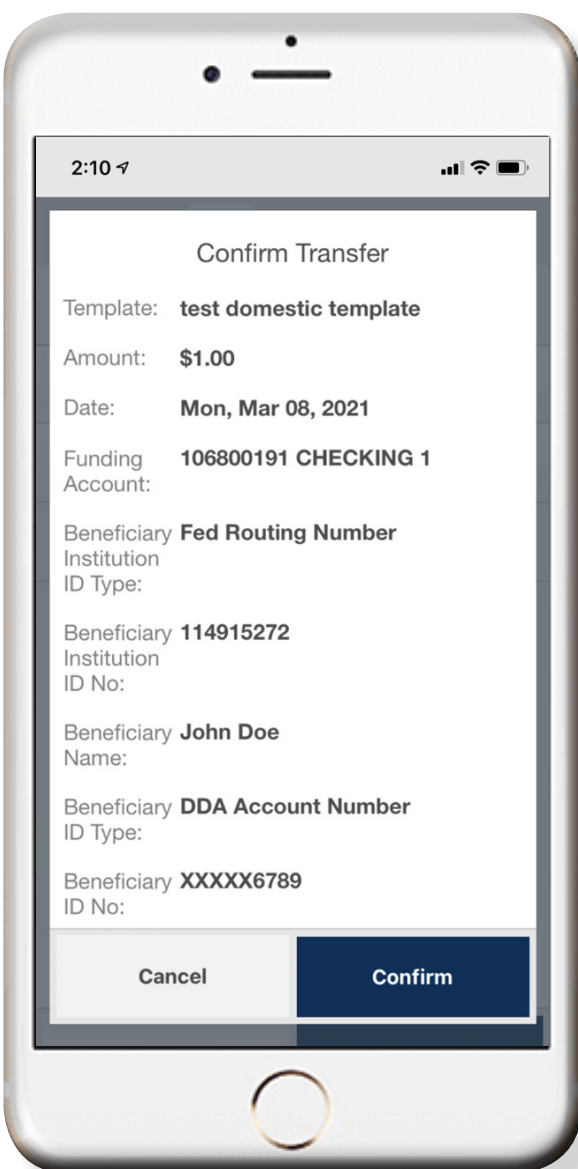

After confirming the Wire Transfer:

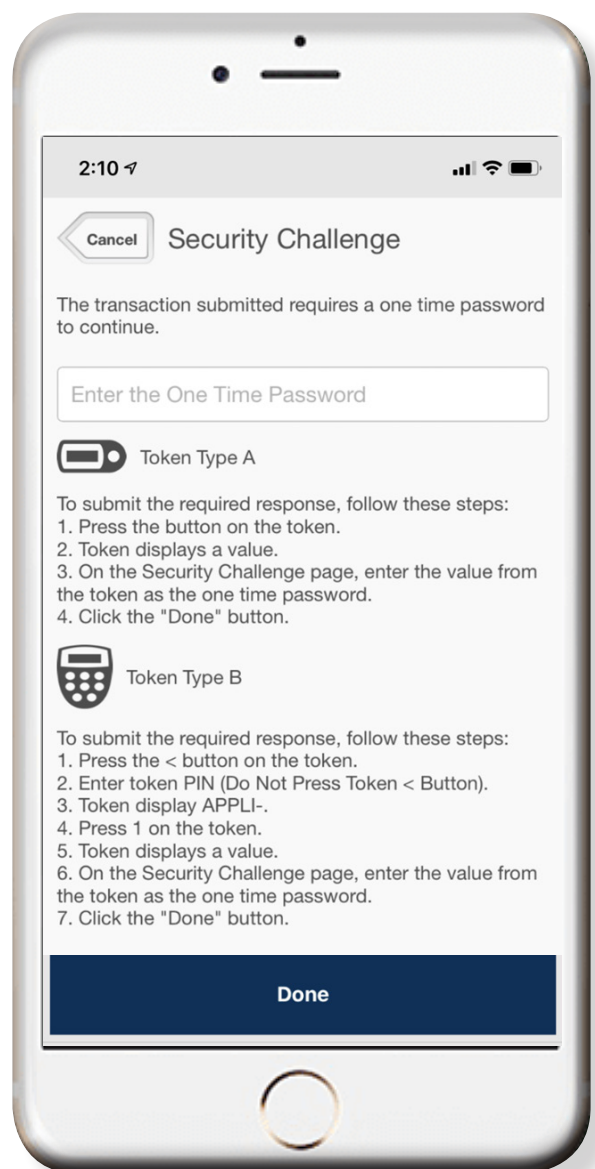

- Press the **button** on your hard token to generate your **one time password**.
- Enter **one time password**.
- Click on the **"Done"** button.

Note: For those under dual control, the Approver will not need to enter a one time password.

STEP 3

STEP 4

After submitting the one time password a confirmation screen will appear to show that the wire was successfully submitted.
