

## INITIATING A DOMESTIC WIRE TRANSFER USING THE MOBILE APP WITH A SOFT TOKEN

When using the mobile app, a Domestic Wire Transfer template needs to be available before you can process a wire transfer.

### STEP 1

### STEP 2

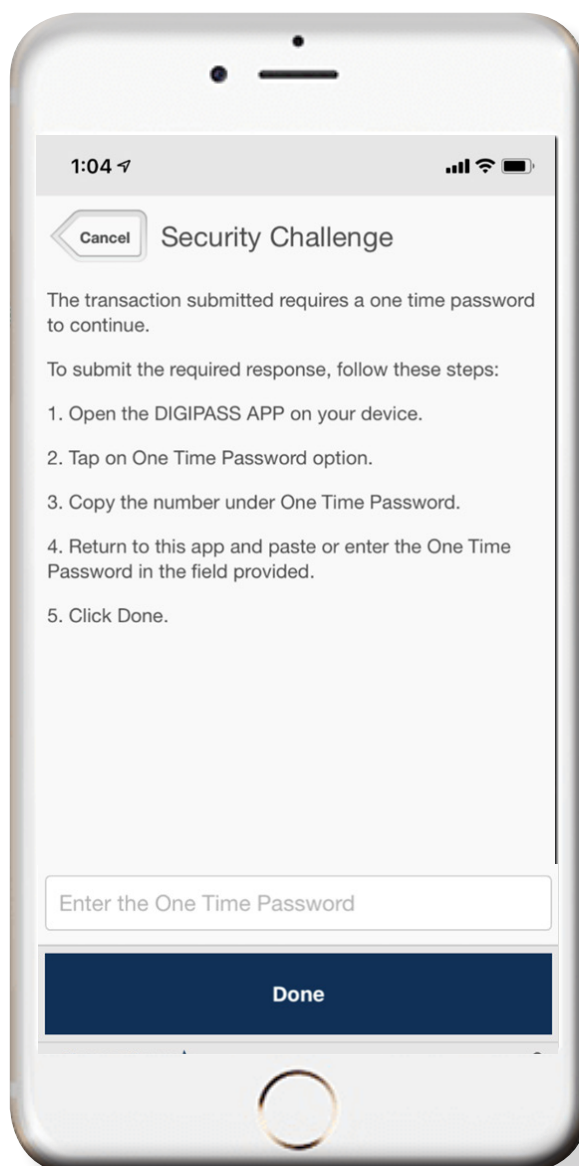

After confirming the Wire Transfer:

- Open the **DIGIPASS APP** on your device.
- Tap on the **one time password** option to **"Copy"**.
- Return to this app and **"Paste"** into the field provided.
- Click the **"Done"** button.

Note: For those under dual control, the Approver will not need to enter a one time password.

### STEP 3

After submitting the one time password a confirmation screen will appear to show that the wire was successfully submitted.
